NEWSLETTER OF THE MANATEE COUNTY BAR ASSOCIATION

Come to Our April 7th Beach Party!

by Alexandra St. Paul, Esq.

Our Bar Association has held an annual Spring Social since the early 1950s. It's hard to believe, but true. Since 1995, it has been held at the Grimes family beach house, where it will be again this year. It's a time for lawyers and judges, their spouses and significant others to dress casually, enjoy a few beverages and some really great food, and share a lot of laughs and camaraderie.

In recent years, we all seem to have less time to get together. There are so many obligations that command our attention that our beach party's attendance has waned. We considered canceling it and surveyed our members at the October bar luncheon to find out if we should. Half the members wanted us to keep it at least one more time, so we decided we should honor those requests and hold it again this year. Many promised to put it on their calendars and attend.

Our Executive Director, Graceann Frederico, would appreciate our help with organizing the party, as this is her first year with us. She has been doing an amazing job but there is a lot to do. Please call or email her if you can assist her this year by serving on the committee organizing the party. Many of our members have been instrumental in putting the party together in past years. We would greatly appreciate the help of any of you who worked on the beach party in previous years, as your input would be invaluable. It would also be wonderful to have some newer members to help organize the party, especially attorneys in our YLD.

Please mark your calendars to come to our Friday, April 7th, beach party. It is earlier this year than usual, so the weather should be even better. Thanks to all of you who encouraged the members of your Board of Directors to continue the long-held tradition of the beach party. We hope it is a success this year!

CONGRATULATIONS TO THE YLD!!

*By Melissa Casanueva, Esq.

On January 14, 2017, I had the privilege to present the Affiliate Outreach Grant Proposal for the Young Lawyers' Division of the Manatee County Bar Association's project "Stock Up for College" benefiting Take Stock in Children serving Manatee County.

The Young Lawyers' Division of the Florida Bar Association awards grants to its affiliates for projects that will benefit their local community. This year the Board of Directors of the Young Lawyers' Division of the Manatee County Bar Association decided we would work with Take Stock in Children to support its graduating seniors' determination to attend college.

For those of you who may not have heard about Take Stock in Children serving Manatee County, this charity selects, challenges and encourages children from low income families to achieve academic and personal success through an achievement and mentoring program led by partnerships between Manatee County schools, local businesses, agencies and individuals. Students apply for admission to the program in sixth or seventh grade, and, along with their parent or guardian, sign a contract to remain drug-free, crime-free, maintain good grades, maintain good behavior, attend program seminars, and meet with a mentor on a weekly basis through high-school graduation. Students who successfully complete the program, are rewarded with a postsecondary college scholarship.

The Young Lawyers' Division of the Manatee County Bar Association will use the grant funds to purchase items that will benefit college bound graduating seniors from the Take Stock in Children program, which items would not be covered by the tuition-only scholarship provided. In addition, representatives from the Manatee YLD will meet with the seniors in a mentorship setting to discuss strategies for success during college and goals for after college. We hope to inspire this group of hardworking youth to remain focused on their aspirations. Perhaps, in this mentorship setting some students may realize becoming an attorney is an attainable and worthwhile goal! We were awarded a grant of \$1,500.00 and we are excited to present each graduate with a tablet, which will assist them to be successful in college by giving them access to digital text books!

Choose the right school and put your
kid on a roll from the start.

To celebrate its 25th anniversary, Matthews Eastmoore is dedicating 2017 to performing 25 Acts of Kindness in the local community. As their first act, the team hosted a food drive, along with other tenants in the Ringling Square office building. The collection was donated to All Faiths Food Bank, an organization that addresses the basic need for food in the community by providing healthy solutions to end hunger. Matthews Eastmoore has a variety of acts planned throughout the year, including painting the girls locker room at Girls Inc. and volunteering at The United Way Suncoast Obstacle Course Race in February. Attorneys- Please check your forms and documents!!

R.B. "Chips" Shore was Manatee County Clerk of Court for 38 years, and many form documents and pleadings created over the years by attorneys that name Mr. Shore as the Clerk of Court-- such as Summonses and Proposed Certificates of Sale, Title, and Disbursement— are still being used today. Since Mr. Shore's passing, the Clerk's office has been accepting these documents and asking the filers to update their forms, but this issue still exists and is creating an additional workload for the Clerk's staff as each individual document must be updated. Please check the forms that you use to make sure they are up-to-date. As of March 1, 2017, all documents and pleadings filed with the Manatee County Clerk of Court will need to reflect the Clerk as Angelina "Angel" Colonnese or they will be placed in "PENDEd" status until they are corrected and resubmitted. Thank you very much for helping us with this matter.

Abuse to Alienation

Why Children Resist Contact with a Parent & What to Do about It

We have all had **high conflict parenting cases** involving children resisting or refusing contact with a parent. These are some of the most difficult cases to manage. It is always difficult to distinguish post divorce/ separation abuse from alienation from gatekeeping and other parenting problems. However this is essential to assist the family through the transitions and properly present the case to the Courts.

It is crucial to understand the different types of parent-child contact problems and what sustains them in order to be an effective advocate for children, parents and families. Often parents in these cases have personality disorders, making managing their representation and care extremely difficult. Abuse (IPV and child abuse) and alienation are part of a continuum - we need to identify the type of case before we can determine how to approach representation and/or treatment. Interventions for these highly complex and conflictual cases must be tailored to the amount and degree of alienation and or abuse.

We will explore **Do's and Don'ts** for attorneys and Mental Health Professionals and explore best practices when confronted with these types of cases. **Peggie Ward, PhD** will be the presenter.
